

Atlantic-Meeco Marina Services

Fast, Efficient Maintenance Service To Keep Your Marina Going Strong

We are Atlantic-Meeco Marina Services. Give us a call and then say goodbye to the hassles and headaches of marina *maintenance* – or even big *repairs* and *renovations*. We do it all and we do it right to save you money. And it doesn't matter if your marina was originally built by Atlantic-Meeco or not.

Our trained crews of marina technicians are ready to serve you from strategic locations throughout the lower 48 states. Our first goal is to extend the life of your marina and help you avoid costly downtime and repairs. Annually or semi-annually, we will thoroughly inspect and adjust every component (we mean every component) of your marina, above and below water, to keep it all solid and working as it should.

If we identify the need for any repairs such as redecking, refloating, or reroofing, we provide an estimate and timetable for those. We even identify items and areas that are okay now, but might need work in the future. And if some weather event mandates emergency repairs, rest assured that we will get there quickly to get you quickly back in business.

Atlantic-Meeco Marina Services. Call us. And whatever it is you need, we'll take care of that!

Sure
**WE'LL
TAKE CARE
OF
THAT!**
